## Spring Is Here!!! Sort of....

### Speedball Sale

Who's tired of Winter? Possibly the best way to jump start Spring is to jump into a bright new color palette. So come in and try out our new Speedball products! With bright, intense and highly saturated colors these low fire glazes & underglazes are the most economical option on the market! And now you can try them all for

**- 20% OFF -**

till the end of April!  
The underglazes

are an Atlanta Clay favorite because of their viscosity, flow and price point! They stay right where you put them with no bleed - making them perfect for detailed design work and sgraffito. And at almost half the price of some other brands, you really can't beat them! Come in and pick your new favorite color!

## Slip-ping

What's the deal with Magic Water? We got that question a lot this month. The magic is the sodium silicate and the soda ash.

Use a basic recipe:  
**3 T sodium silicate**  
**5 g soda ash**  
**1 gallon of water**  
and then you can use it to strengthen joints or with your slip as a repairing slip for cracks - now that's magic!

Got ??? Just ask!
