Check It Out!

Who's in the mood for some Spring cleaning? We're setting up a swap for ceramic materials and tools! One person's bad glaze could be someone else's new favorite! So bring in your glazes, gently used tools and equipment - every item is worth 1 ticket. From April 1st through May 31st. It's FREE!!!

Upcoming Events

It's all about NCECA!!!
If you've never been to the National Council on Education for the Ceramic Arts then you don't know what you're missing!
March 31 - April 2
Tampa, Florida
Come see us at booth 328 - we'll see you there!

They're finally here! You've seen all the great samples around the store and the glazes are finally ready for sale! The vanGilder Glaze Line was made specifically for Bill vanGilder by Atlanta Clay.

Available dry from one pound and up. They're reliable and durable - food safe when fired correctly - always test before production. There are six great colors to choose from:
vanGilder Martis Red - a stunning red gold,

cone 6 oxidation glaze that breaks from a brick red to black with flecks of gold over texture. This glaze is already a fan favorite!
vanGilder Oribe Green - a soft emerald green and opaque where thick - breaks well over texture.
vanGilder Cream Rust - a phenomenal cream glaze that breaks rust red over edges.
VanGilder Amber - a warm root beer colored glaze.
vanGilder Nutmeg -

a great semi-matte glaze - warm gold with flecks of color.
vanGilder Rutile Green - a great transparent green that layers nicely. Trust the glaze experts that the professionals trust - Atlanta Clay! For best results always double sieve the wet mix through an 80mesh sieve. Look for color samples and more info as well as new colors coming soon to our website & facebook page!

New and Hot Products

Euclid Tools

A must have for tool afficionados! These double ended trim and scoring tools are must haves - they're so sharp! Great tile cutters and detailing tools too! Easy to use, economical and so durable!
